Harikar Projects by Cluster

Protection and legal aid are UNHCR funded projects implemented by Harikar NGO through which protection and legal services are offered for Syrian and non-Syrian asylum seekers and refugees and internally displaced persons in Duhok governorate in camp and non-camp areas and some disputed areas within Nineveh governorate. The project provides legal aid services including, legal counselling, legal awareness raising and representation before courts. Protection and community based monitoring for people of concern is conducted for refugees and internally displaced persons including protection assessment, case/gap identification, and case management and support for persons with specific needs and extremely vulnerable groups.

Harikar NGO runs registration process for camp and non-camp Syrian refugees and asylum seekers in partnership with UNHCR through its established registration centers in Domiz 1, Gawilan, and Akre camps and through the outreach verification/registration in urban areas. The registration process is based on standard UNHCR forms and database to assure availability of all required information whenever needed; it is implemented as per UNHCR protocols for registration, documentation and filing.

In the livelihood cluster we have two projects, the first one funded by ASB/BMZ and another funded by CARE-BMZ that conducts distribution of greenhouses, agriculture inputs, drip irrigation system and hand tools, this project always conducts social cohesion sessions for female headed households and students and market rehabilitation in Zummar and Sinjar Area.

As for GBV sub-cluster, Harikar NGO have four projects, the first of which is Enhancing GBV prevention and response intervention available to highly displaced vulnerable persons and survivors brutalized by the exposure to violence in newly reclaimed area of Baashiqua, funded by UNOCHA/IHF. Two more projects are funded by UNFPA and UNOCHA in partnership with DORCAS as consortium to scale up GBV programming in Sinjar and Sinuni by targeting the remote villages which are hard to reach, in Dohuk and Nineveh governorate: Domiz 1 & 2, Gawilan, Mamrashan, Shekhan, Khanke, Bajed Kandala, Sinjar, Sinuni. The other project which is in partnership with UNHCR that responds to reduce S/GBV in Domiz 1, Gawilan, Akre camps and urban areas. The main activities of those projects are providing psychological and psychosocial support, case management, S/GBV awareness raising and recreational activities such as computer classes, sewing, basic literacy, yoga sessions, dancing, drawing in order to enhance the healing process of both GBV and non GBV survivors to heal after traumatic events in their lives, Adolescent girls sessions to empower girls to speak up and support one another, GBV awareness session.

In the WASH Cluster we have two projects that deal with WASH, the first one in partnership with CARE International in Chamishku and Shekhan camps. This project conducts care and maintenance of WASH facilities, desludging, garbage collection, hygiene promotion, gender mainstreaming in WASH and capacity building of staff and community. The other project that deals with WASH is funded by CARE BMZ that conducts construction and rehabilitation of water structures and sanitation sessions in Zumar and Sinjar area.
General Highlights

- **Starting from the 21st of June to 27th of June 2019 all the protection monitors have worked cooperatively with the legal team in receiving and data entry for applications of the civil ID and nationality certificates of IDPs in BERSIVE 1 camp.** This activity is done as a way to support the civil registration directorate in Nineawa. On the other hand, from 28th of June till present protection monitors along with the legal team are assisting the MOI delegation officers for civil registration in BERSIVE 1 + 2 camps. Protection monitors are involved in different activities of this process is to fill out applicants’ forms, organizing people, assisting the officers in their work, and finally distribution of complete civil IDs and national certificates. Worth mentioning that protection and legal teams have worked on weekends to make this process successful.

- HarikaR Protection monitors through the coordination of UNHCR and BRHA has participated as co-chair and note taker of protection meetings in different camps, this process will be ongoing to create a better understanding of protection concerns in all the camps.

- Protection monitors have started using a new version of assist form (data capturing data) from 10th of June 2019, no issue has been recognized only is consuming more time during interviews with families in offline form.

GENERAL HIGHLIGHTS

As UNHCR now are using another version of Progres for POCs. This version has too many technical issues, not enrolling IRIS, loading of pages takes too much time, the time for each New Registration interview is taking about 40 to 50 minutes for each family (consists of 4 to 6 member) and for Renewal (Verification) it takes 25 to 30 minutes. POCs families are processed according to appointments. Figures can not be generated due to the data transferring from the old version to the new one.
