**GENERAL HIGHLIGHTS**

- During the month of November, one big challenge was the uncertainty of MoI committee arrival to Duhok camps, the protection unit has allocated two teams to support the missions in two locations in the same time, but the challenge was that MoI has send only six officers and Harikar send two teams of 24 staff members to support the activity. So, there was imbalance between both sides, when our staff was completing their work there was huge load on the officers’ side. Thus, sometimes they stopped working and files were collected to be completed in the next day.

- A consultative session was organized on 21/Nov/2019 to improve the legal assistance delivered by Harikar in partnership with HNHCR. Head of court of appeal of Duhok, vice president of the Mosul court of appeal, representative of lawyer’s bar syndicate of Duhok and a number of judges and Attorney general participated in the workshop. Legal challenges and Harikar project were presented and discussed, recommendation will be presented to the courts of appeal of Duhok and Nineveh.
